# iFace-850

## Upgraded Face Capacity & performance With Capacity Of 1200 Faces & 2000 FingerPrints

## Introduction

With the latest platform & algorithm iFace-850 can hold up to 1200 faces & 2000 fingerprint templates. It enables company to manage more employees with less terminals. optional RFID card ensures that customers have more choices to manage time attendance and access control,

it also supports multiple authentication including face, fingerprint, password, RFID card and there combination, which makes iFace-850 more applicable. Multi-model communication consisting of TCP/IP, USB(host) and Wi-Fi GPRS (optional) allow an extremely easy data management.

It fulfills your need of managing the time & attendance and access control conveniently.

# Pegasus

## Features

- Capacity 1200 faces & 2000 fingerprint templates.

- Authentication Methods : Face, fingerprint, RFID &/or Password.

- Elegant ergonomic design.

- Intuitive touch screen GUI.

- Build-in backup battery provide approx 4 hours continues operation.

- Optional wi-fi and GPRS for wireless connection.

- Build-in interface for third party electric lock, door sensor, alarm, exit button or bell.

| | |
|---|---|
| Fingerprint Sensor | Optional Fingerprint Sensor |
| Camera | High Resolution Infrared Camera |
| Display | 4.3" TFT Touch Screen |
| Face Capacity | 1200 (1 :N) |
| Fingerprint Capacity | 2000 |
| ID card Capacity | 10,000 (optional) |
