Professional KDS Hardware

Simplify communication between servers and kitchen staff. Your servers ring up orders in Pegasus BestPOS Kitchen Display Hardware immediately brings them right in front of your kitchen staff eyes, no time wasted.

Improved POS Technology Yields Improved Order Efficiency

Our team of advanced system designers have created the world's most modern interpretation of a functional touchscreen-based kitchen management system hardware, helping you achieve unprecedented levels of kitchen productivity. In the design of the product, the whole heat sink is designed on the back plate through bold ideas, and it can also be sealed by custom silica gel to achieve the waterproof level of the whole machine, which is used in a more demanding kitchen environment.
